

# Initiative Funding Application

The Association has initiative funding available to support suitable projects. Applications are welcomed from all who have an interest in South Georgia and who wish to initiate or support projects that will stimulate awareness of, and interest in, South Georgia and the South Sandwich Islands.

Grants will usually be awarded up to a maximum of £1,000 and successful applicants would be expected to become members of the Association.

Potential applicants should contact:

Initiative Funding,  
South Georgia Association  
c/o Scott Polar Research Institute  
Lensfield Road,  
Cambridge CB2 1ER  
United Kingdom

or email

[initiative@southgeorgiaassociation.org](mailto:initiative@southgeorgiaassociation.org)

to discuss their proposals.

There are no closing dates for applications, which may be submitted at any time. Applications will be assessed by the SGA Committee, who will make the final decision on the award of funding.

Recent awards have included a memorial plaque to Sir Ernest Shackleton in Westminster Cathedral, an outreach project in Japan promoting awareness of seabird by-catch in fisheries, an oral history project, and an arts project.
